

**LIVEDEN<sup>®</sup>**

**AMBASSADOR COMMISSION PROGRAM**

Effective Date - Feb. 1, 2026

## PROGRAM OVERVIEW

At LIVEDEN, everything we do is grounded in one foundational truth:

**Microbiome balance is the cornerstone of whole-body health.**

Our Ambassador Program is designed for those who feel called to connect—individuals who recognize the power of bringing the right solutions to the right people at the right time.

## WHERE CONNECTION CREATES IMPACT

LIVEDEN Ambassadors serve as trusted connectors, introducing healthcare professionals, fitness leaders, and wellness practitioners to a science-backed system designed to elevate outcomes and support whole-body health from the inside out.

This role is about creating connections.

It's about identifying aligned professionals, facilitating meaningful introductions, and helping expand access to a solution that is changing the way we approach health and performance.

Through this program, Ambassadors have the opportunity to create real impact—supporting practitioners, strengthening communities, and participating in the growth of a mission-driven company rooted in integrity, innovation, and support.

Together, we are building a network of influence—where connection leads to transformation, and every introduction has the power to elevate health and inspire a Pure Balanced Life™.
